

# 14th ICCRTS

International Command and Control Research and Technology Symposium

## C<sub>2</sub> and Agility

June 15-17, 2009  
Omni Shoreham Hotel  
Washington, D.C.

Department of Defense  
Office of the Assistant Secretary of Defense  
Networks and Information Integration  
DoD Chief Information Officer

**CCRP**  
Focus  
& Convergence  
for Complex Endeavors  
[www.dodccrp.org](http://www.dodccrp.org)

# ELICIT Update

June 17, 2009

# Agenda

- What is ELICIT?
- ELICIT in use
- ELICIT is now web-based
- Agent-based ELICIT (new)
- ELICIT Community of Interest

# What is ELICIT?

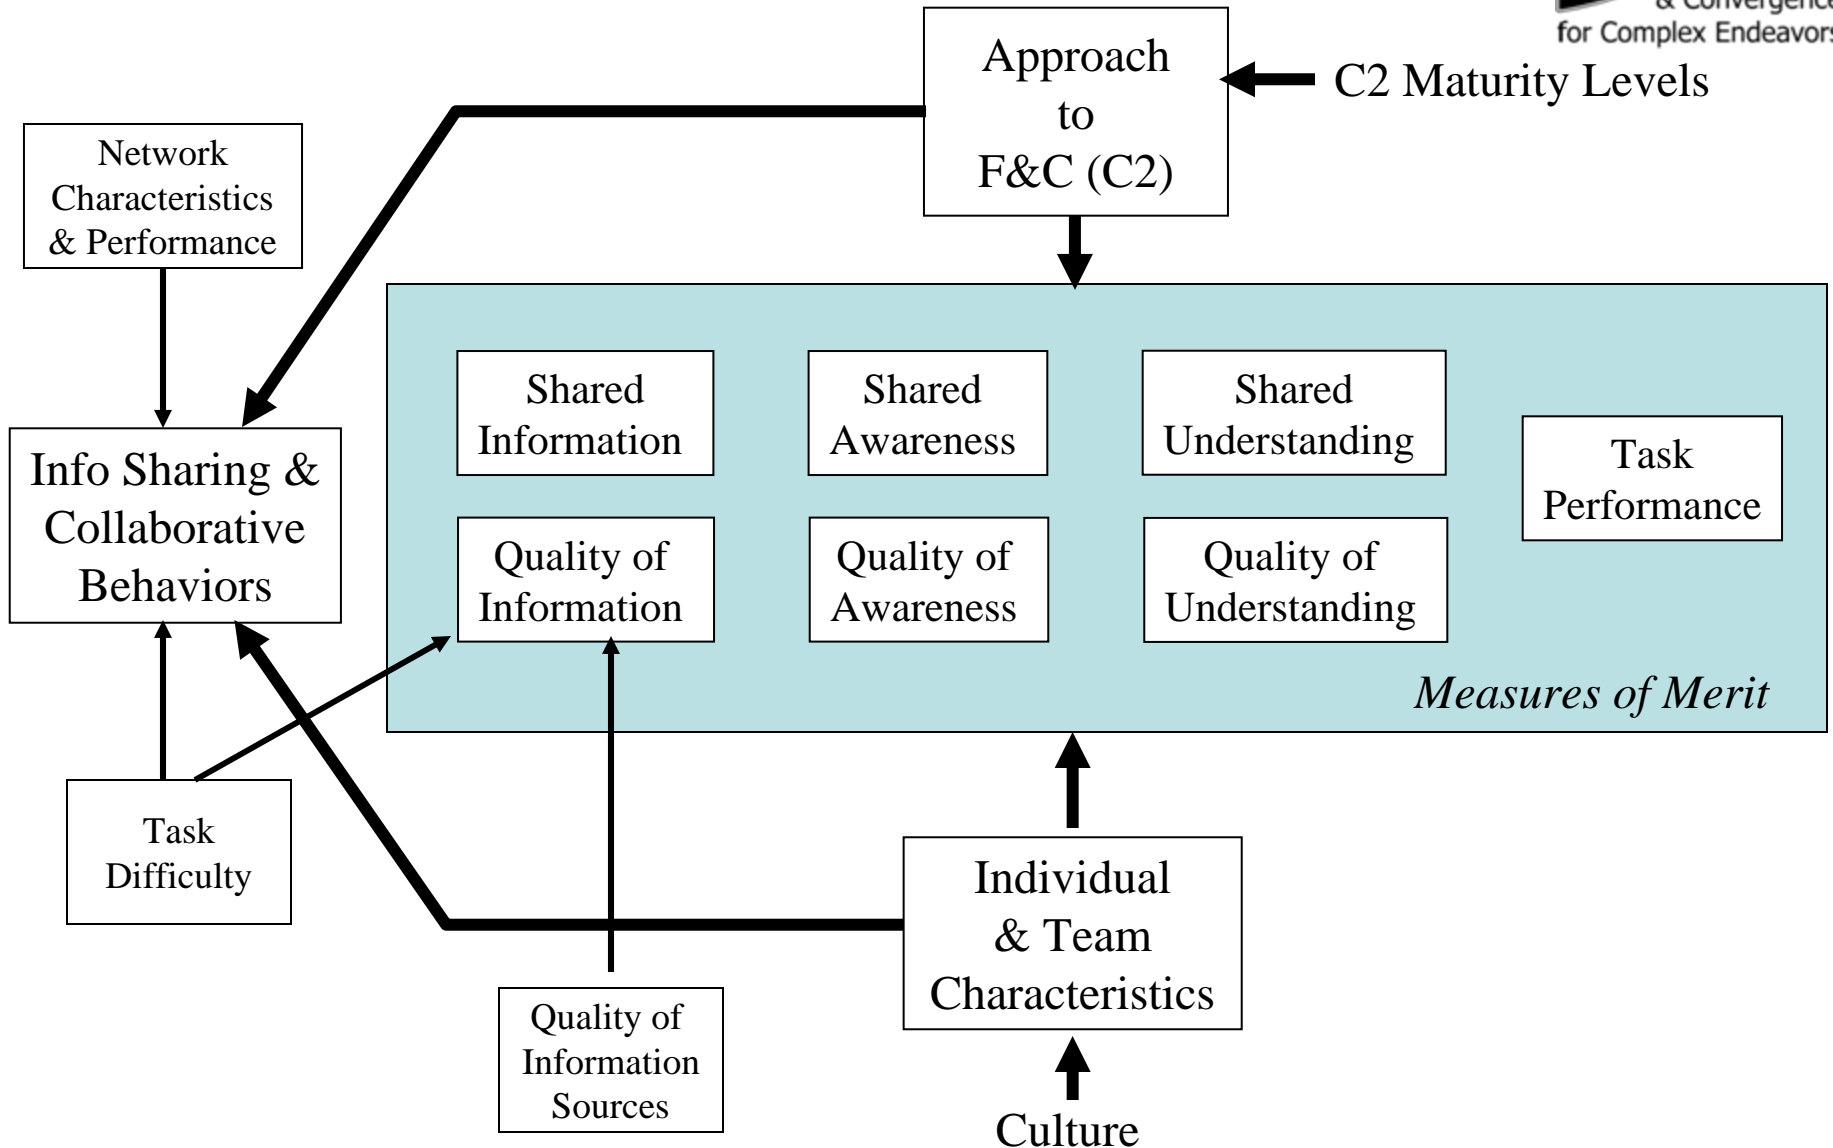

- ELICIT = Experimental Laboratory for Investigating Collaboration, Information-sharing, and Trust
- U.S. DoD (OASD/NII) Command and Control Research Program (CCRP) sponsored the design and development of the ELICIT platform to facilitate experimentation focused on information, cognitive, and social domain phenomena
- ELICIT is an experimentation environment supported by software tools and instructions / procedures

# ELICIT Applications

- ELICIT has been used by researchers to investigate the cognitive and social impacts of C2 approaches and organizational structures (e.g., information sharing, trust, shared awareness, and task performance)
- ELICIT has been used by educators to facilitate discussion of command and control concepts, approaches, and processes (e.g., alternative structures, information flows, and distributions of information)

# Variables of Interest

# Agenda

- What is ELICIT?
- **ELICIT in use**
- ELICIT is now web-based
- Agent-based ELICIT (new)
- ELICIT Community of Interest

# International Use of ELICIT

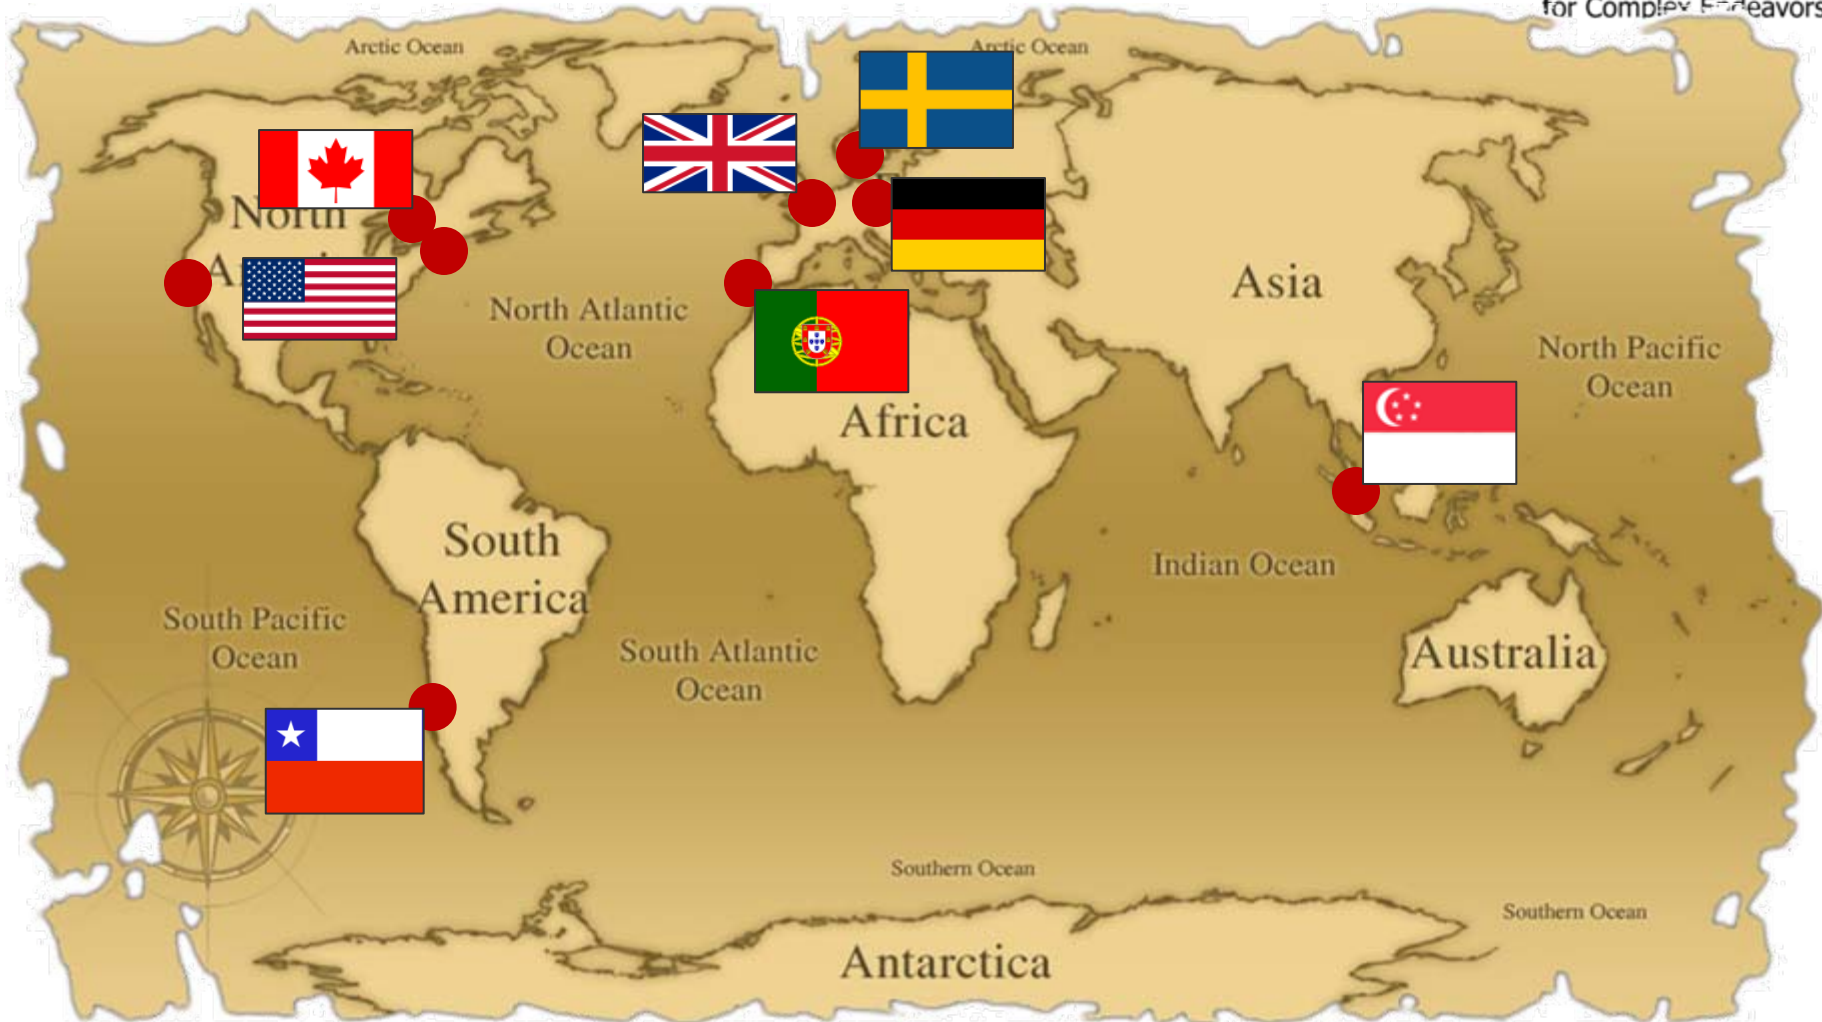

Image: [www.worldtimezones.com/content/worldmap](http://www.worldtimezones.com/content/worldmap)

# ELICIT Users

ELICIT is a well proven environment that has been used by academia, government, and industry around the world:

- Boston University (undergraduates)
- York University (students)
- George Mason University (graduate students)
- U.S. Military Academy (faculty and cadets)
- Naval Postgraduate School (faculty and M.S. and Ph.D. students)
- Portuguese Military Academy (cadets)
- Portuguese Training (mid-career civil and military personnel)
- Singapore Military Academy (students)
- Naval War College (Strategic Studies Group)
- Defence Academy of The United Kingdom (civilians and military)
- National Defense University and Army War College (students)
- UK MoD Analysts
- Military Polytechnic Academy, Army of Chile

# ELICIT in ICCRTS

- Past papers
  - 12<sup>th</sup> ICCRTS: 3 papers
  - 13<sup>th</sup> ICCRTS: 6 papers
- Best paper award from 13<sup>th</sup> ICCRTS
  - **Exploring Alternative Edge versus Hierarchy C2 Organizations using the ELICIT Platform with Configurable Chat System**  
Ee Chong Ng (DSO National Laboratories), Peter Thunholm (National Defence College, Sweden), Mervyn Cheah (Future Systems Directorate), Kin Yong Tan (Future Systems Directorate), Nancy Chua (Defence Science and Technology Agency)
- Current papers
  - **Trust-Mistrust as a Design Contingency: Laboratory Experimentation in a Counterterrorism Context** (Naval Postgraduate School) *Track 7, Monday 1:00 – 1:30 PM*
  - **Emergent Leadership on Edge Organizations: Building Trust and Cooperation in the context of ELICIT experiments** (Portuguese Military Academy) *Track 5, Tuesday 2:30 – 3:00 PM*
  - **Exploring the Effects of Individual Characteristics on Organizational Performance using the ELICIT Experimentation Platform** (Evidence Based Research, Inc., Parity Communications) *Track 6, Tuesday 4:00 – 4:30 PM*
  - **Instantiation of a Sensemaking Agent for use with ELICIT Experimentation** (Evidence Based Research, Inc., Parity Communications) *Track 6, Wednesday 1:00 – 1:30 PM*

# Portuguese Experimentation with ELICIT

- PT Participation in SAS-050 (C2 CRM) and SAS-065 (N2C2M2)
- Introduced to ELICIT in 2006:
  - Network-Centric Collaborative environment
  - Includes real-people
  - Easy to setup and deploy → simple but rich
  - Controlled environment
- 13<sup>th</sup> ICCRTS Paper (Manso and Nunes): ELICIT to C2 CRM Mapping, which included:
  - C2 Approach Space
  - NCW Value Chain

# Manipulation on Experiments

- C2 Approach
  - Decision Rights Allocation
  - Patterns of Interaction
  - Information Distribution
- Network Characteristics
- Task Difficulty
- Info Sharing and Collaboration
  - Influenced by instructions
  - Knowledge Sharing on higher maturity levels

Affects

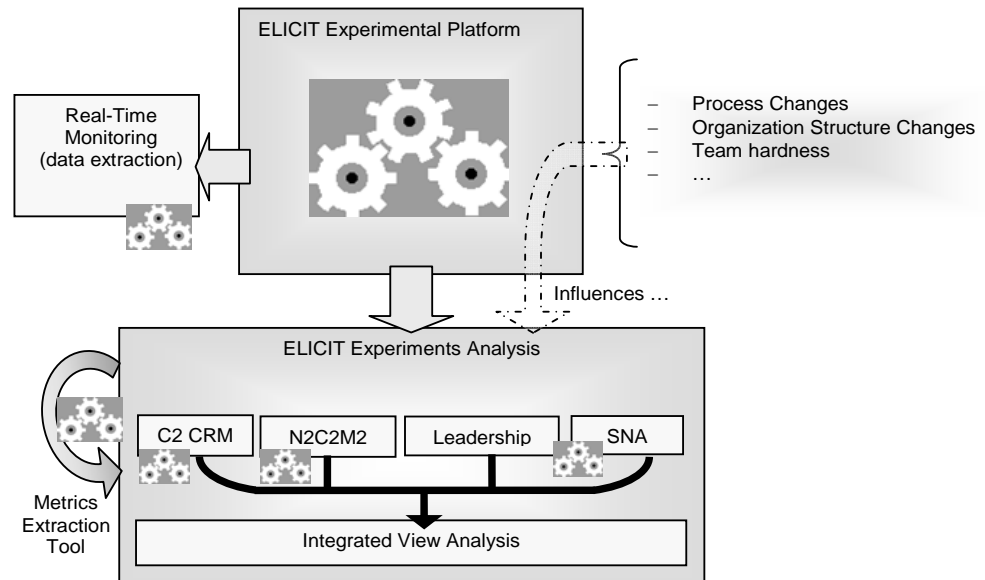

Information Position, Shared Information, Information Sharing, Quality of Awareness, Quality of Shared Awareness, Task Performance, Agility

# Portuguese Experimentation with ELICIT

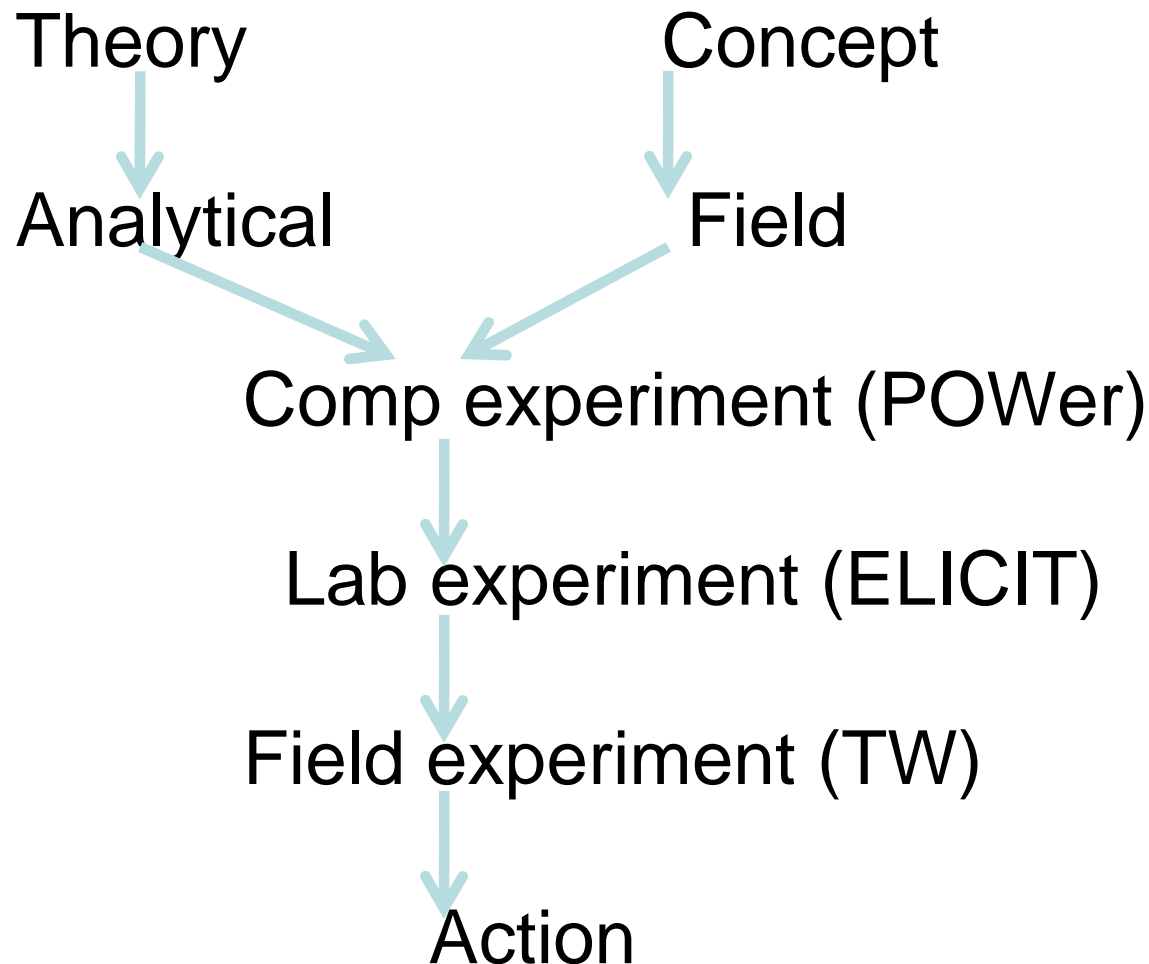

- Exploited Research Areas:
  - Leadership
  - Social Network Analysis
  - C2 CRM (CCRP and SAS-050)
  - N2C2M2 (SAS-065)
- Project includes development of analysis tools.
- ELICIT runs in Portugal:
  - 2007: 6 runs conducted
  - 2008: 8 runs conducted
  - 2009: 20 runs conducted

# Naval Postgraduate School

- Full life cycle of research methods

# NPS ELICIT Experiments

- Leweling & Nissen (2007): speed, accuracy

H H H H	No mental models	Edge MM best
H H E E	Mental models	Hier MM worst
E E H H	Mental models	Learning effects
E E E E	No mental models	Asymmetric

- Powley & Nissen (2009): speed, accuracy

Rigid-high trust	Rigid-low trust	Flex-high best
		Rigid safest
Flex-high trust	Flex-low trust	Rigid-trust futile

- Next: virtual environments

# Use of ELICIT at the Defence Academy of the United Kingdom

## Postgraduate Residential Courses

- Guided Weapons Systems
- Information Management Technology
- Military Electronic Systems Engineering
- Weapons & Vehicles
- Systems Engineering for Defence
- Explosives Ordnance Engineering
- Battlespace Technology Course

# Aim for use of ELICIT

- A hands-on educational capability to help students experience NEC.
- Demonstrate impact of human as well as technology aspects of Information Sharing.
- ELICIT part of an education package, which included briefings and paper exercises.
- 2 Day programme.
  - Day 1: Difference between ‘systems’ and ‘capability’, NEC as a capability, Characteristics of Hierarchy vrs Edge Organisations.
  - Day 2: ELICIT exercises, including students writing ‘information sharing operating procedures’.

# Summary and way ahead

- Partial educational success.
  - Good post-exercise discussion.
- Two days too long.
- Too many runs.
- Need to make the difference between the Hierarchical and Edge organisations more significant.
- ELICIT needs to be changed to integrate more with the educational aims of the course.
- Defence Academy will continue to use ELICIT.

# Agenda

- What is ELICIT?
- ELICIT in use
- **ELICIT is now web-based**
- Agent-based ELICIT (new)
- ELICIT Community of Interest

# Web-based ELICIT

- Accessing web-based ELICIT
  - Requires COI membership
  - Research directors can set-up all configuration files
  - Participants access ELICIT directly from any location with their own computers
- Features:
  - Requires no client down-load / set-up
  - Works with Firefox and IE browsers
  - More configurable and easier to configure
  - UI for uploading and downloading files

# Agenda

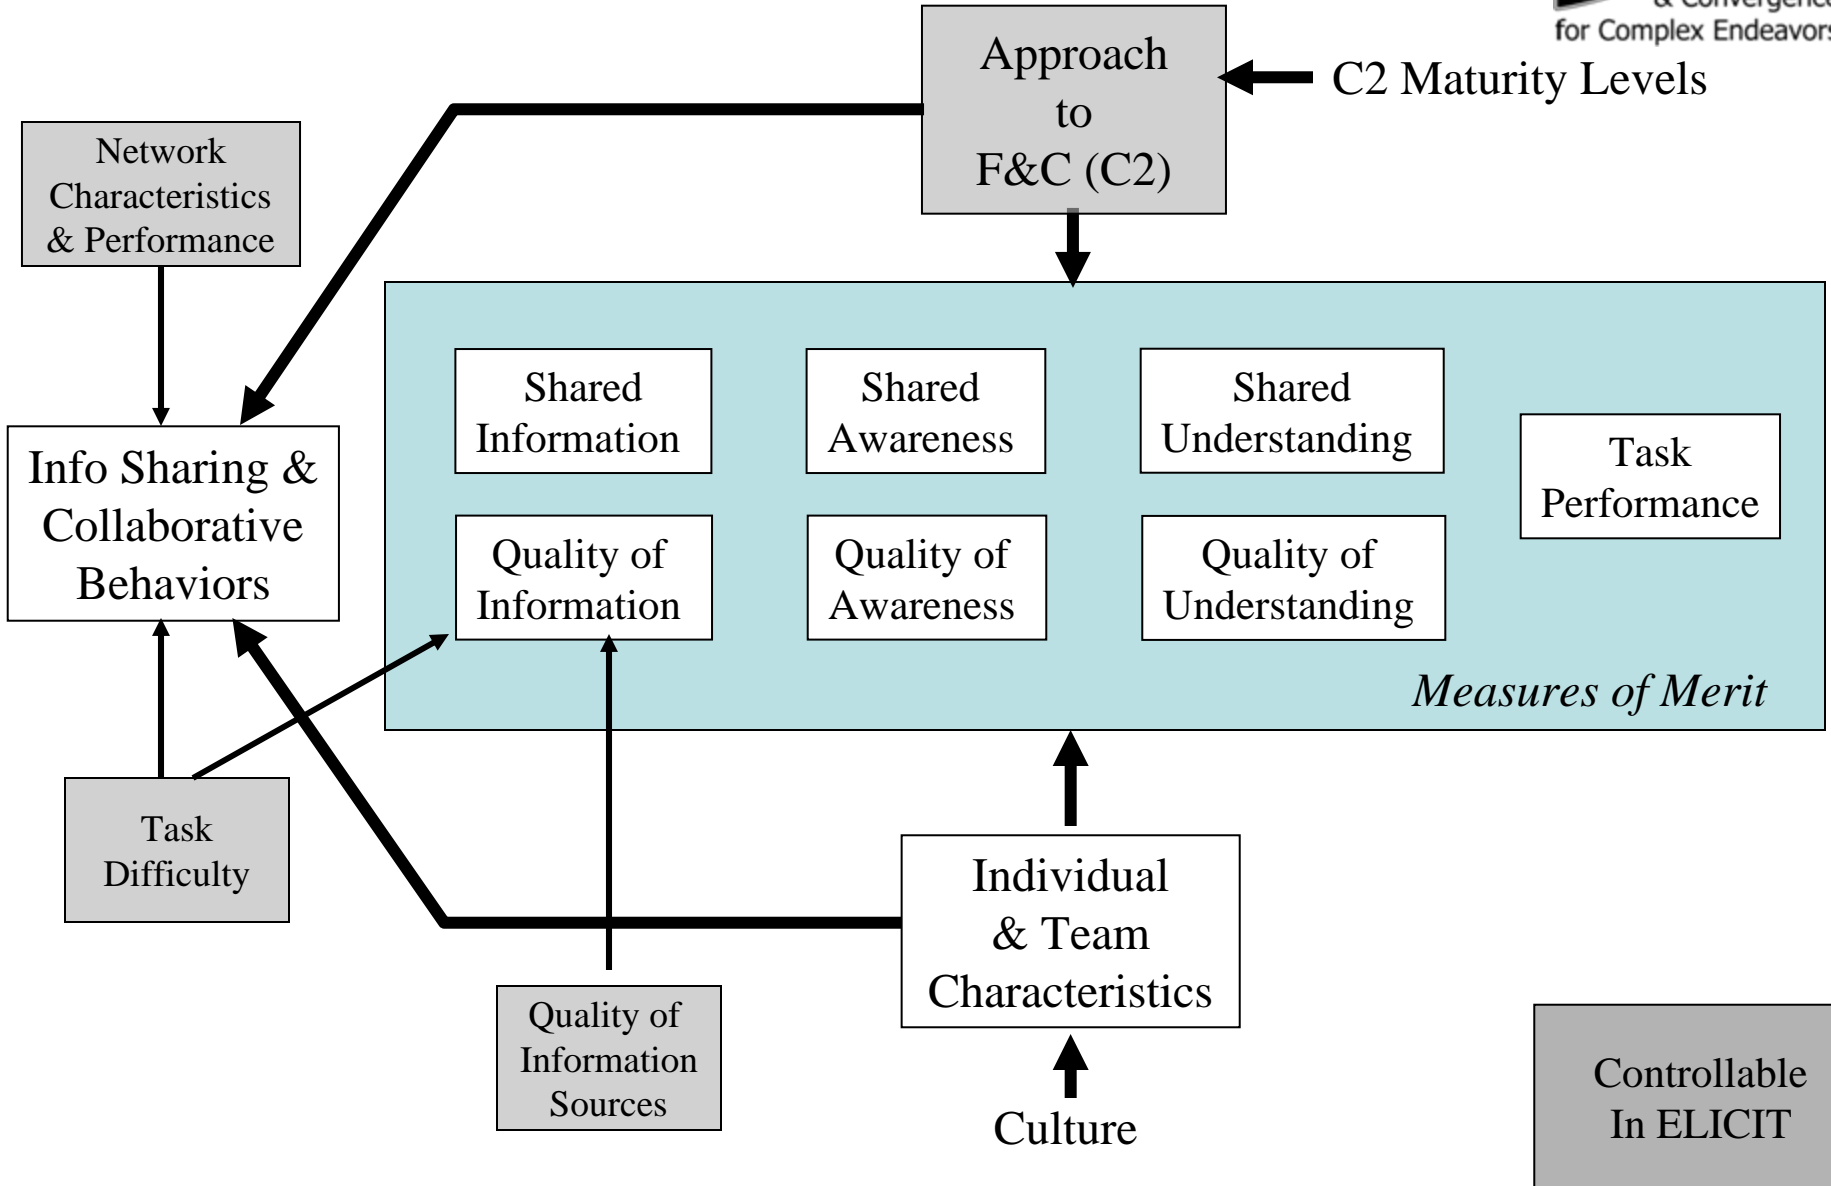

- What is ELICIT?
- ELICIT in use
- ELICIT is now web-based
- **Agent-based ELICIT (new)**
- ELICIT Community of Interest

# Agent-based ELICIT

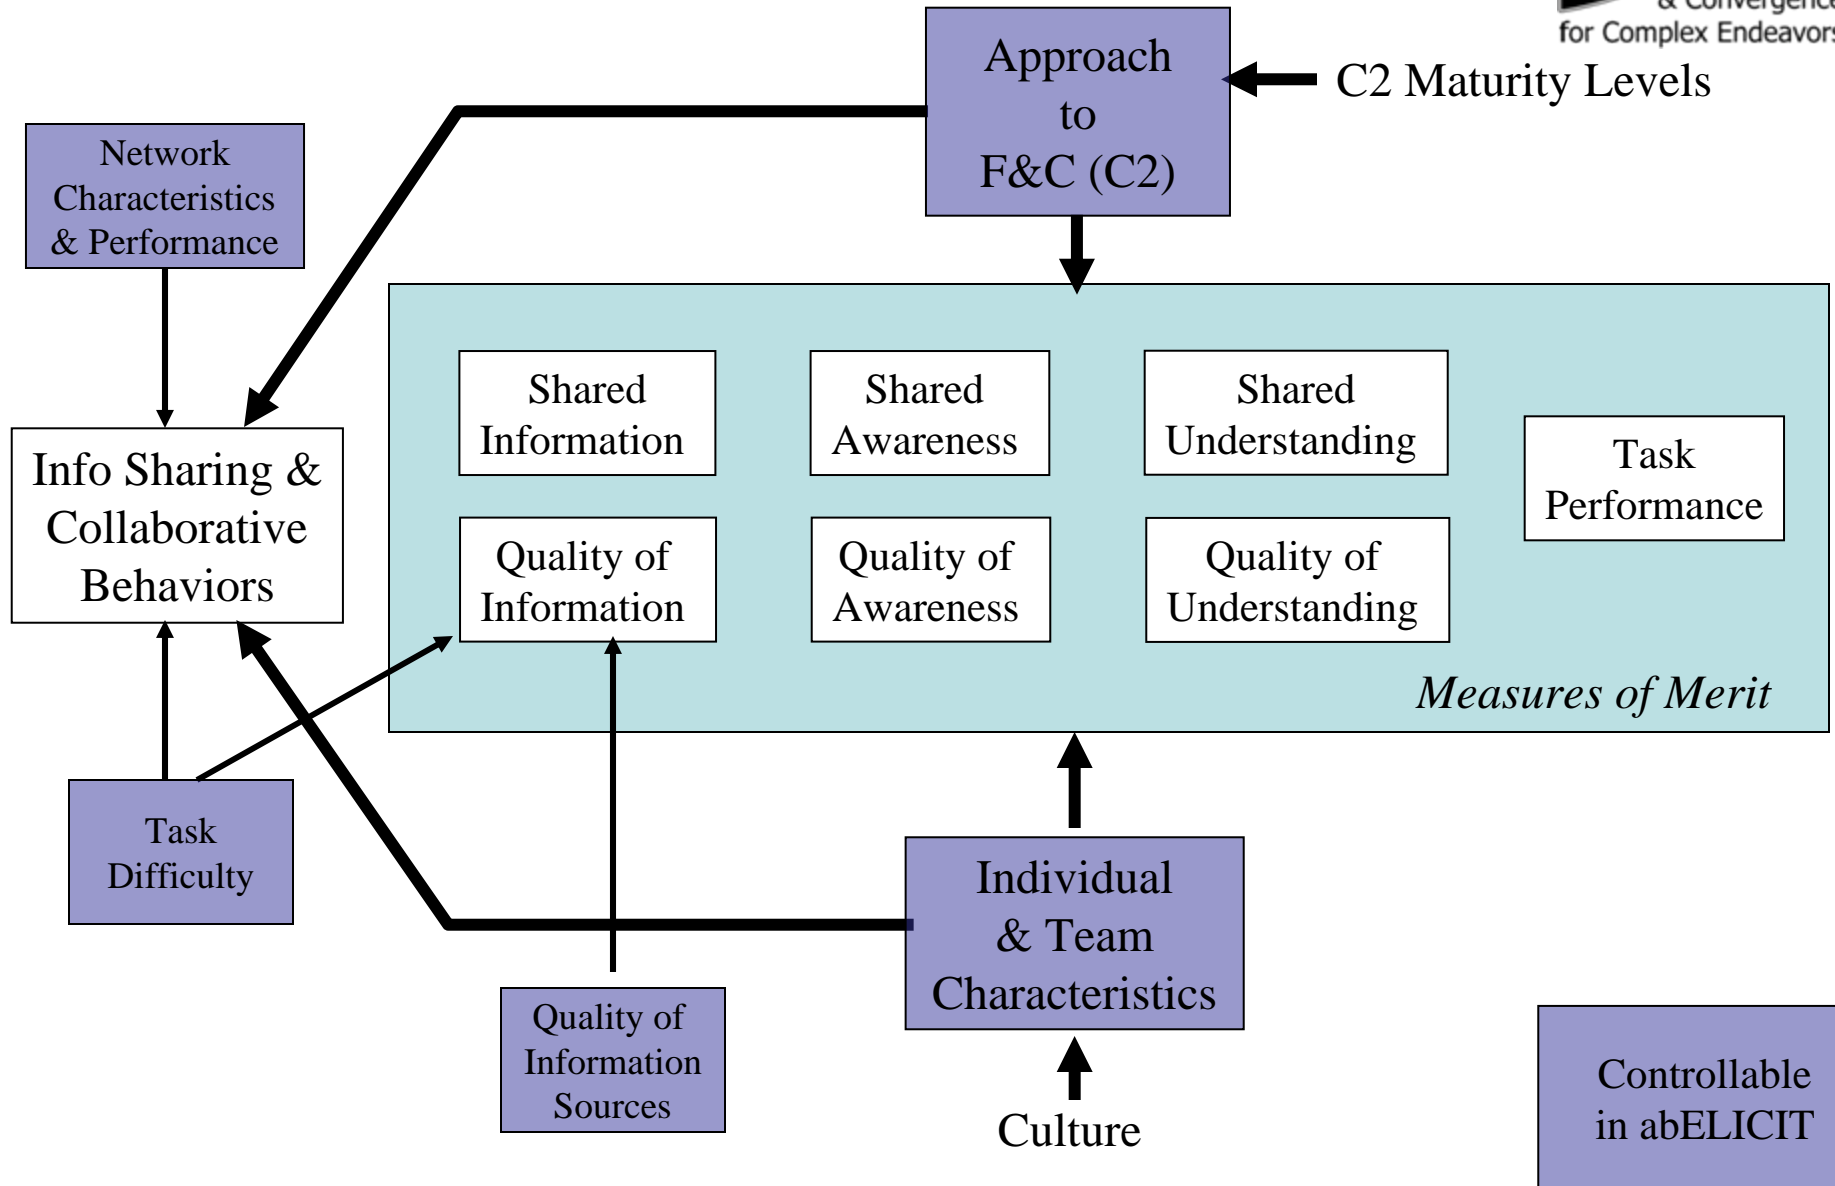

- ELICIT was developed as a person-in-the-loop experimentation platform.
- Experimentation with live groups of individuals is time consuming and expensive.
- This limits the number of runs that can be made. This, in turn, limits the exploration of treatment effects.
- Therefore, the CCRP decided to develop agents that could be used in the place of people.
- abELICIT is an all agent-based simulation model that is built upon the ELICIT experimentation platform.
- The ability to mix agents and people is under development.

# Controllable in ELICIT

# Controllable in abELICIT

# Agenda

- What is ELICIT?
- ELICIT in use
- ELICIT is now web-based
- Agent-based ELICIT (new)
- **ELICIT Community of Interest**

# ELICIT Membership and CoI

- The ELICIT software platform, related tools, and the empirical data that have been collected are **available at no cost to members of the ELICIT CoI.**
- Assistance may be provided by CCRP and members of the ELICIT CoI
- ELICIT CoI membership conditions:
  - Conduct baseline runs for *Hierarchy* and *Edge*.
  - Share all the experiments results with the CCRP and ELICIT community.
  - Members are encouraged to craft and present papers at the ICCRTS and International Command and Control Journal.

# Interested in ELICIT?

**Next Meeting is Thursday, June 18, 2009 at the Omni Shoreham. Sign up at the ICCRTS registration desk!**

**We are Seeking Potential Collaborators!**

To join the ELICIT CoI, go to  
[www.dodccrp.org/html4/elicit.html](http://www.dodccrp.org/html4/elicit.html)
