Concept Development and Experimentation at the Political/Strategic Level

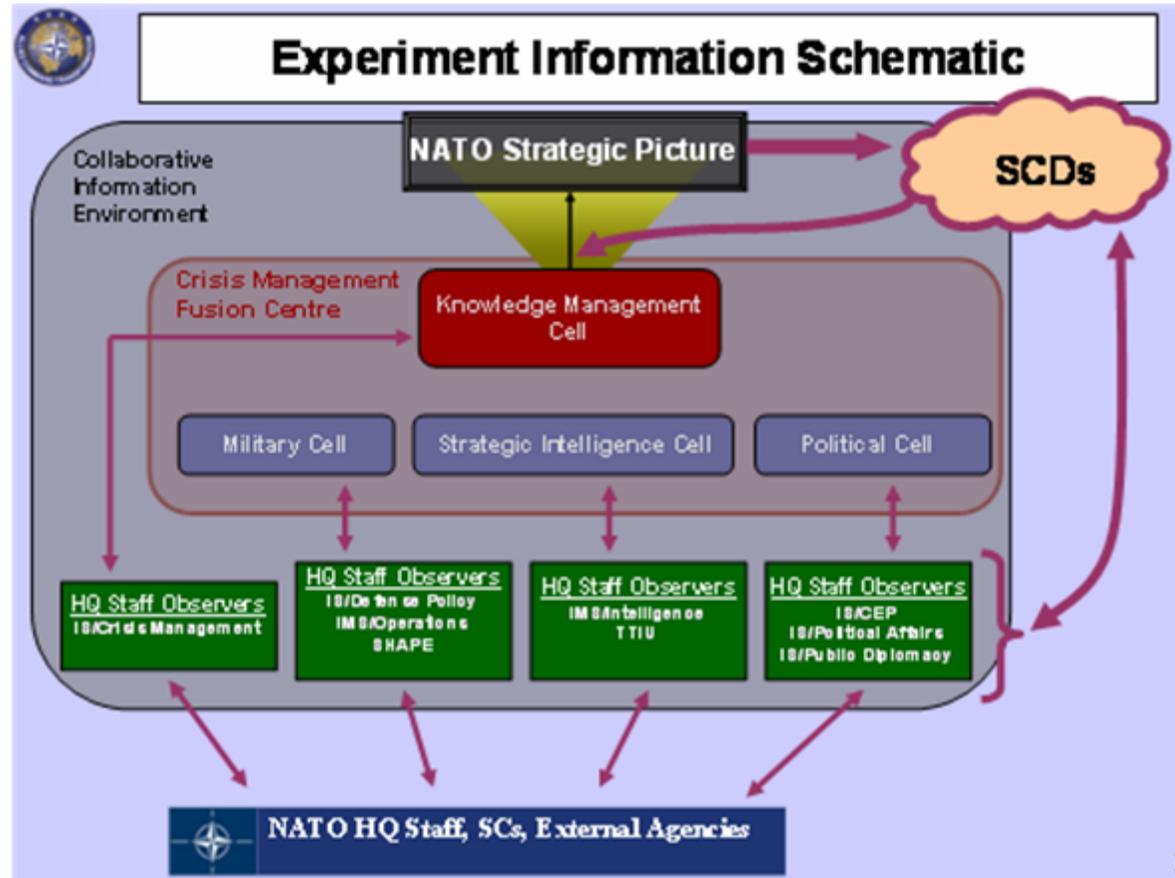

Crisis Management Experiment 05

Aim:

To examine the potential of experimental concepts to transform Alliance consultation and decision-making procedures and arrangements related to NATO crisis response.

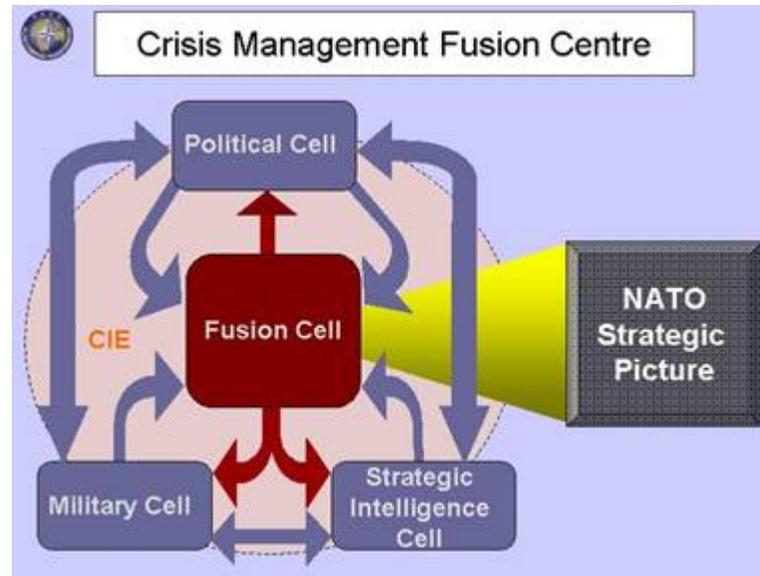

CMX 05 Experiment Design

CMFC

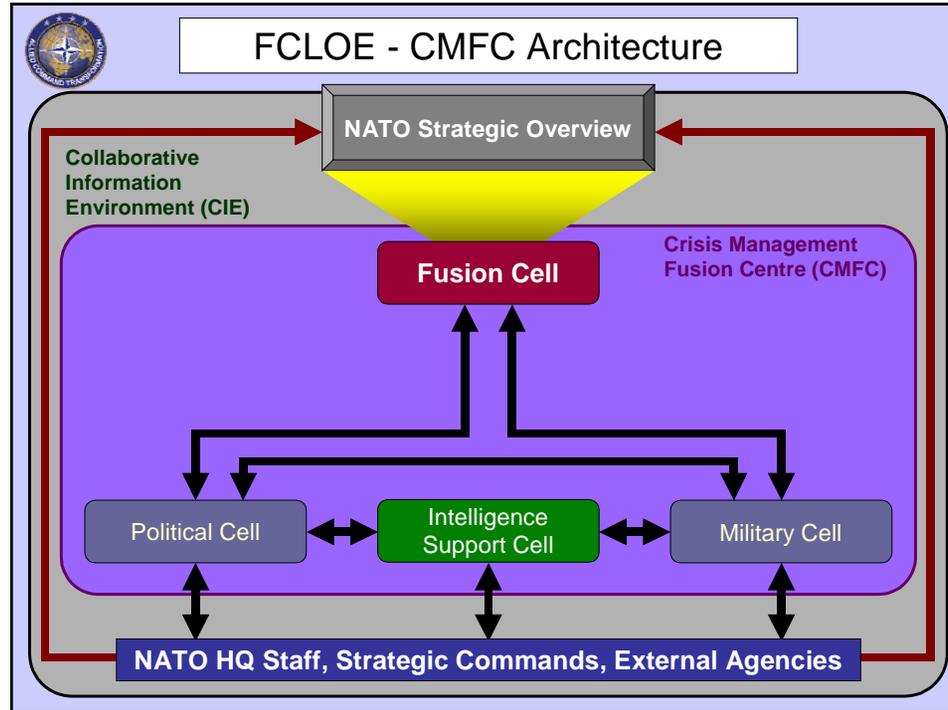

Fusion Centre Limited Objective Experiment (FCLOE)

Aim:

Examine the potential for experimental concepts to enhance shared situational awareness at NATO Headquarters.

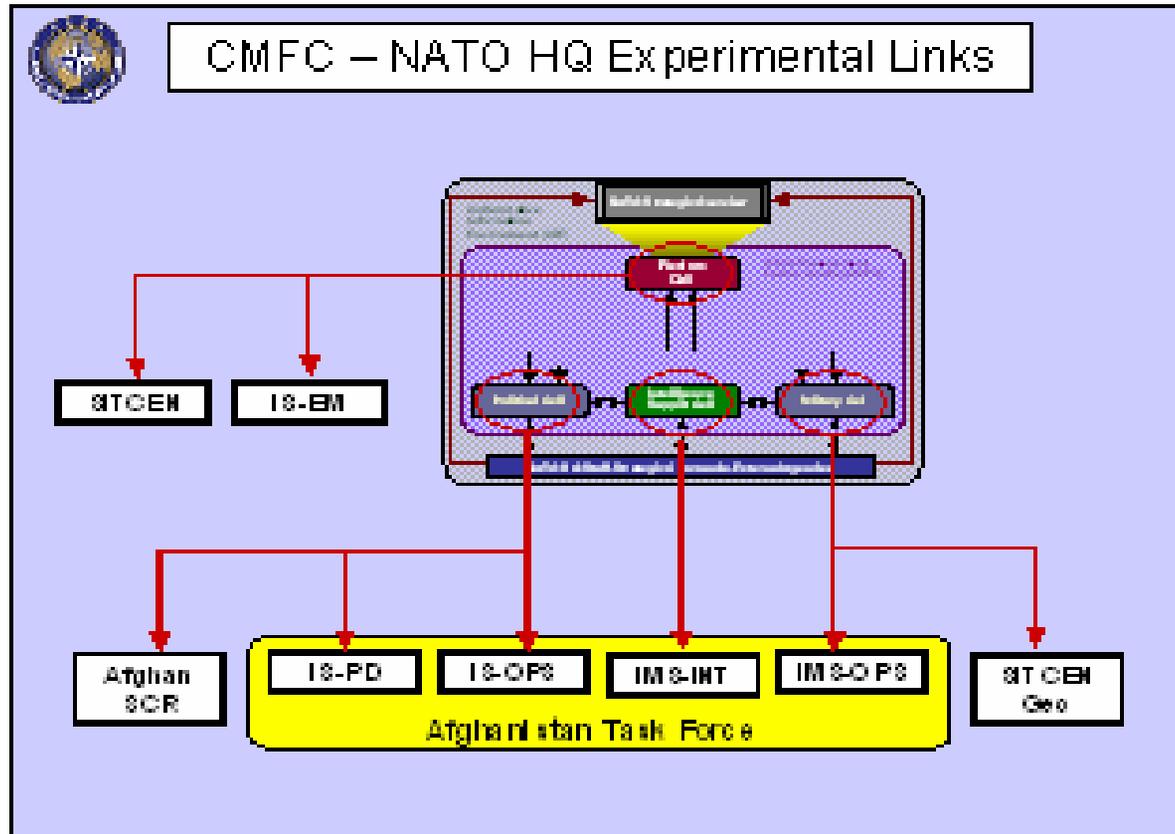

FCLOE – CMFC Architecture

CMFC – NATO HQ Experimental Links

Conclusion
