  - **Information Centric Warfare**
  - **Knowledge Centric Warfare**
- **Technologies Required**
- **Summary**

# Premise

- **Conduct of Warfare is ever evolving – No Surprise**
- **Incorporation of computer systems have “revolutionized” the conduct of warfare – No Surprise**
- **Doctrine is ever changing to incorporate new technologies – No Surprise**

**Basic Premise of Paper:**

**Network Centric Warfare is**

**just one step in the evolution or conduct of warfare**

**And the Next Steps are Information  
and Knowledge Centric Warfare**

# The Air Force Vision: Battlespace Dominance through Information Superiority

**“The area with the greatest potential payoff... is in C4ISR... [to] ensure our commanders have the best information for rapid battlefield decision-making”**

Gen Richard B. Meyers, CJCS, SASC testimony, 5 Feb 02

**“Command and control systems—based on information and communications technology—and precision-guided munitions are critical to all stages of the Pentagon’s efforts to transform itself to deal with 21st century threats.”**

Paul Wolfowitz, DSECDEF  
at AIAA lunch, 19 Feb 02

# Platform Centric Warfare

WW II: Formation of 1000

Desert Storm I: Formation of 1

Vietnam: Formation of 4-6

**1940s to 1990s**

# Network Centric Warfare

**BUILD** the Net

**POPULATE** the Net

**PROTECT** the Net

**Power TO** the Edge

**1990s to 20XXs**

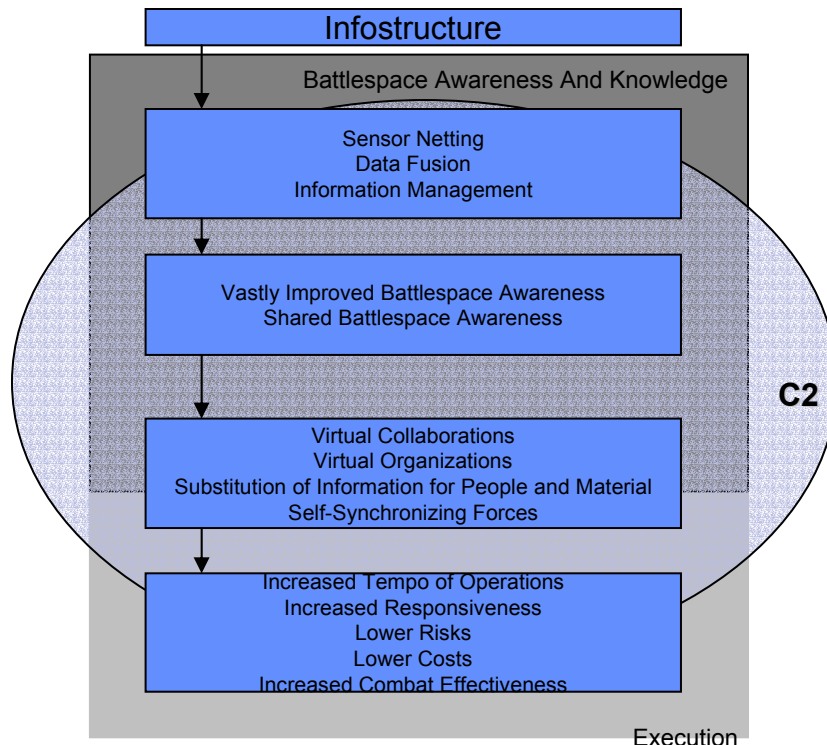

# 1999 NCO Conceptual Framework

Tenets of NCW (*DoD Report to Congress on Network Centric Warfare*):

- A robustly networked force improves information sharing
- Information sharing and collaboration enhances the quality of information and shared situational awareness
- Shared situational awareness enables collaboration and self-synchronization, and enhances sustainability and speed of command
- These in turn dramatically increase mission effectiveness

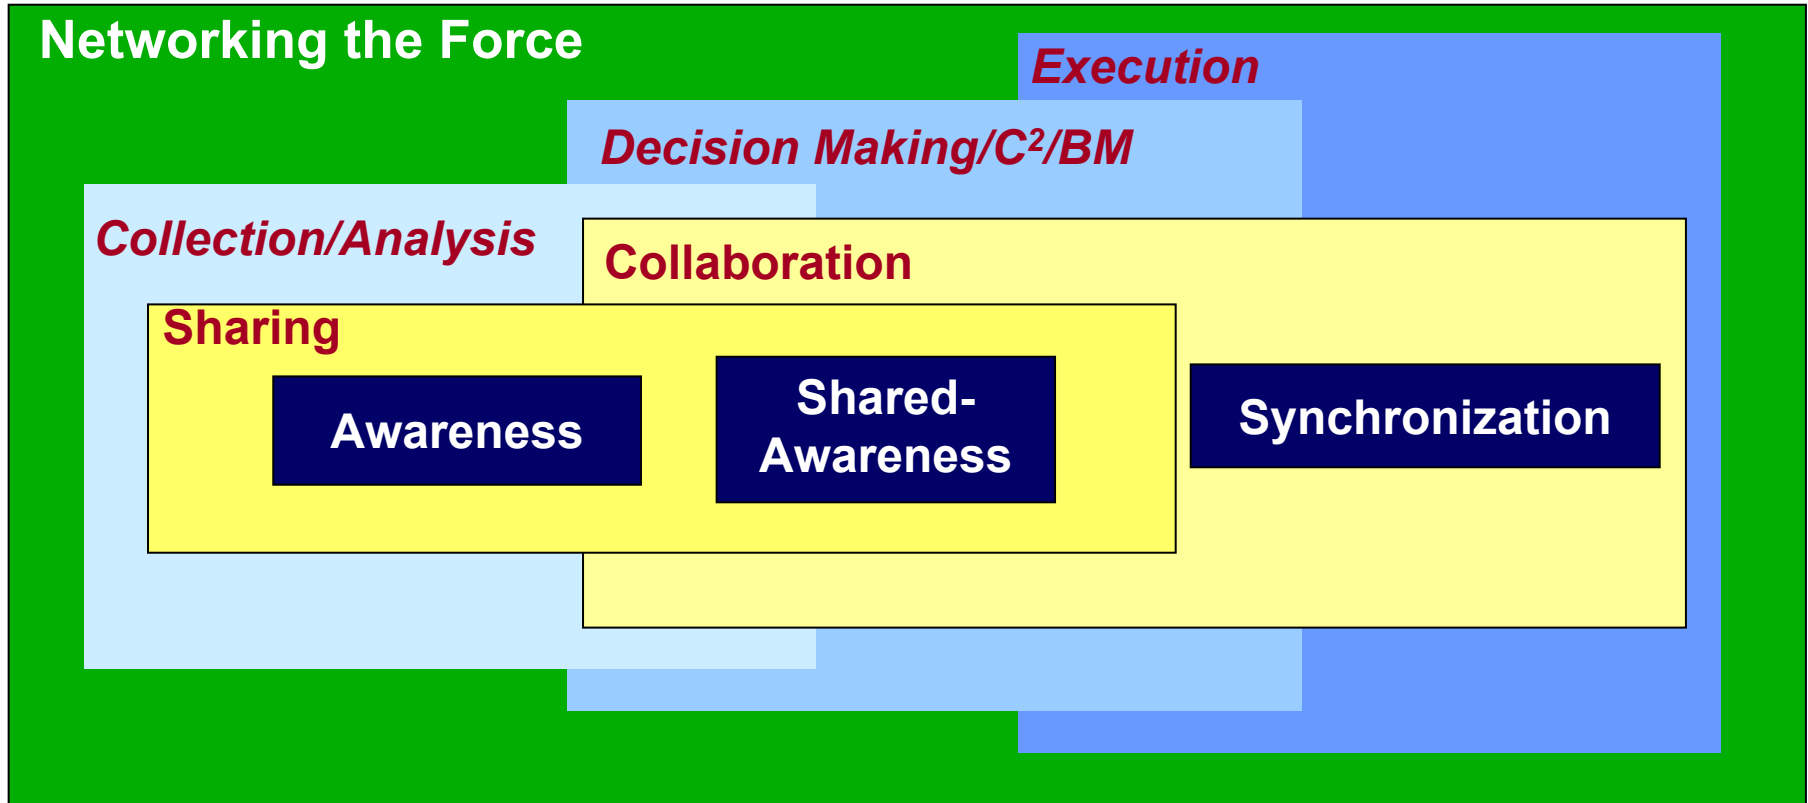

**Predominately  
Related to Networking the Force  
With goal of Self-Synchronization  
To increase Combat Effectiveness**

# Network Centric Operations New Mental Model

**Information Superiority and Network Centric Warfare  
serve to integrate military operations, providing opportunities  
to employ new C2 approaches and warfighting concepts**

# Information Centric Warfare

**Centers of Gravity Become Centers of Information**

**Effects Based Operations and Effects Based Assessments Become Centerpiece**

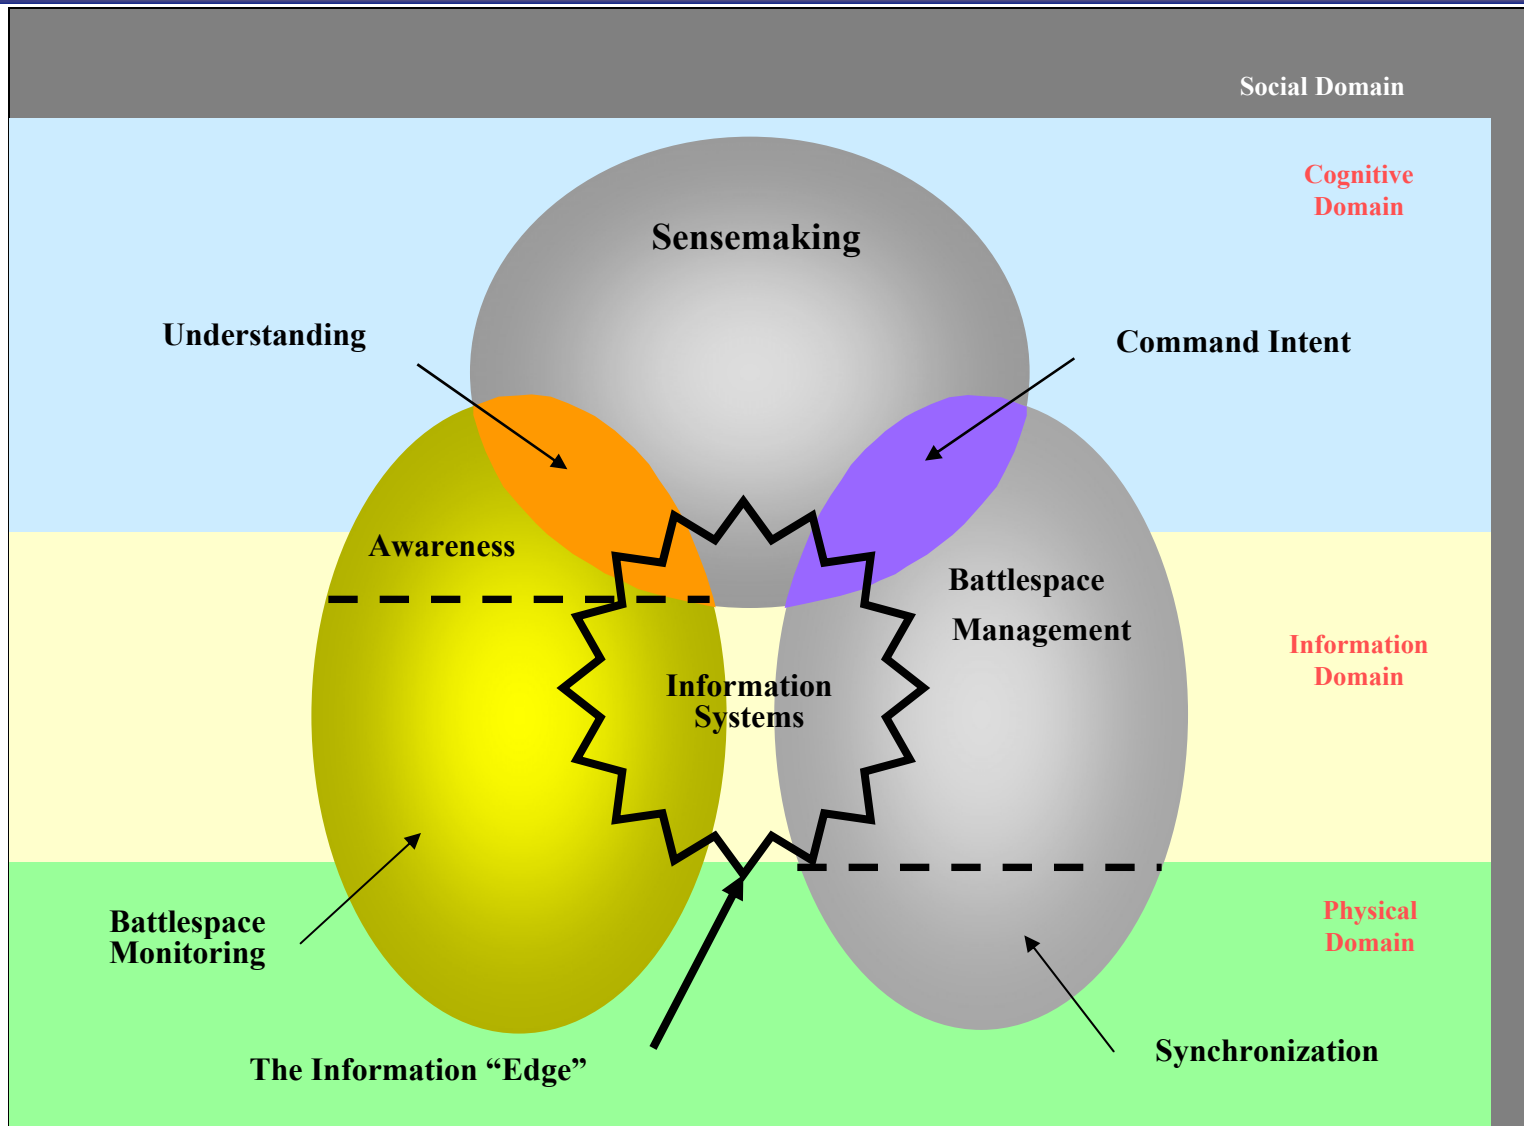

**Predictive Battlespace Awareness Becomes Standard Process**

**Single Integrated Family of Operational Pictures at All Levels**

**20XXs to 20XXs** 10

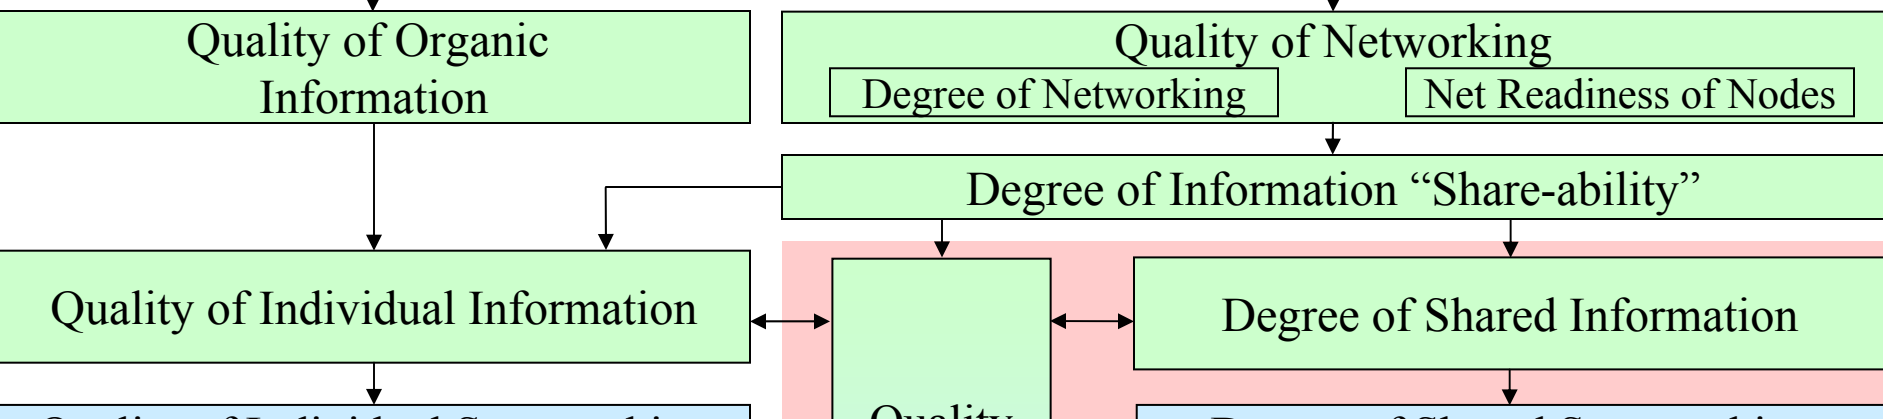

# Command and Control “Egg”

**Command the Forces, Control the Battlespace**

# 2003 NCO Conceptual Framework

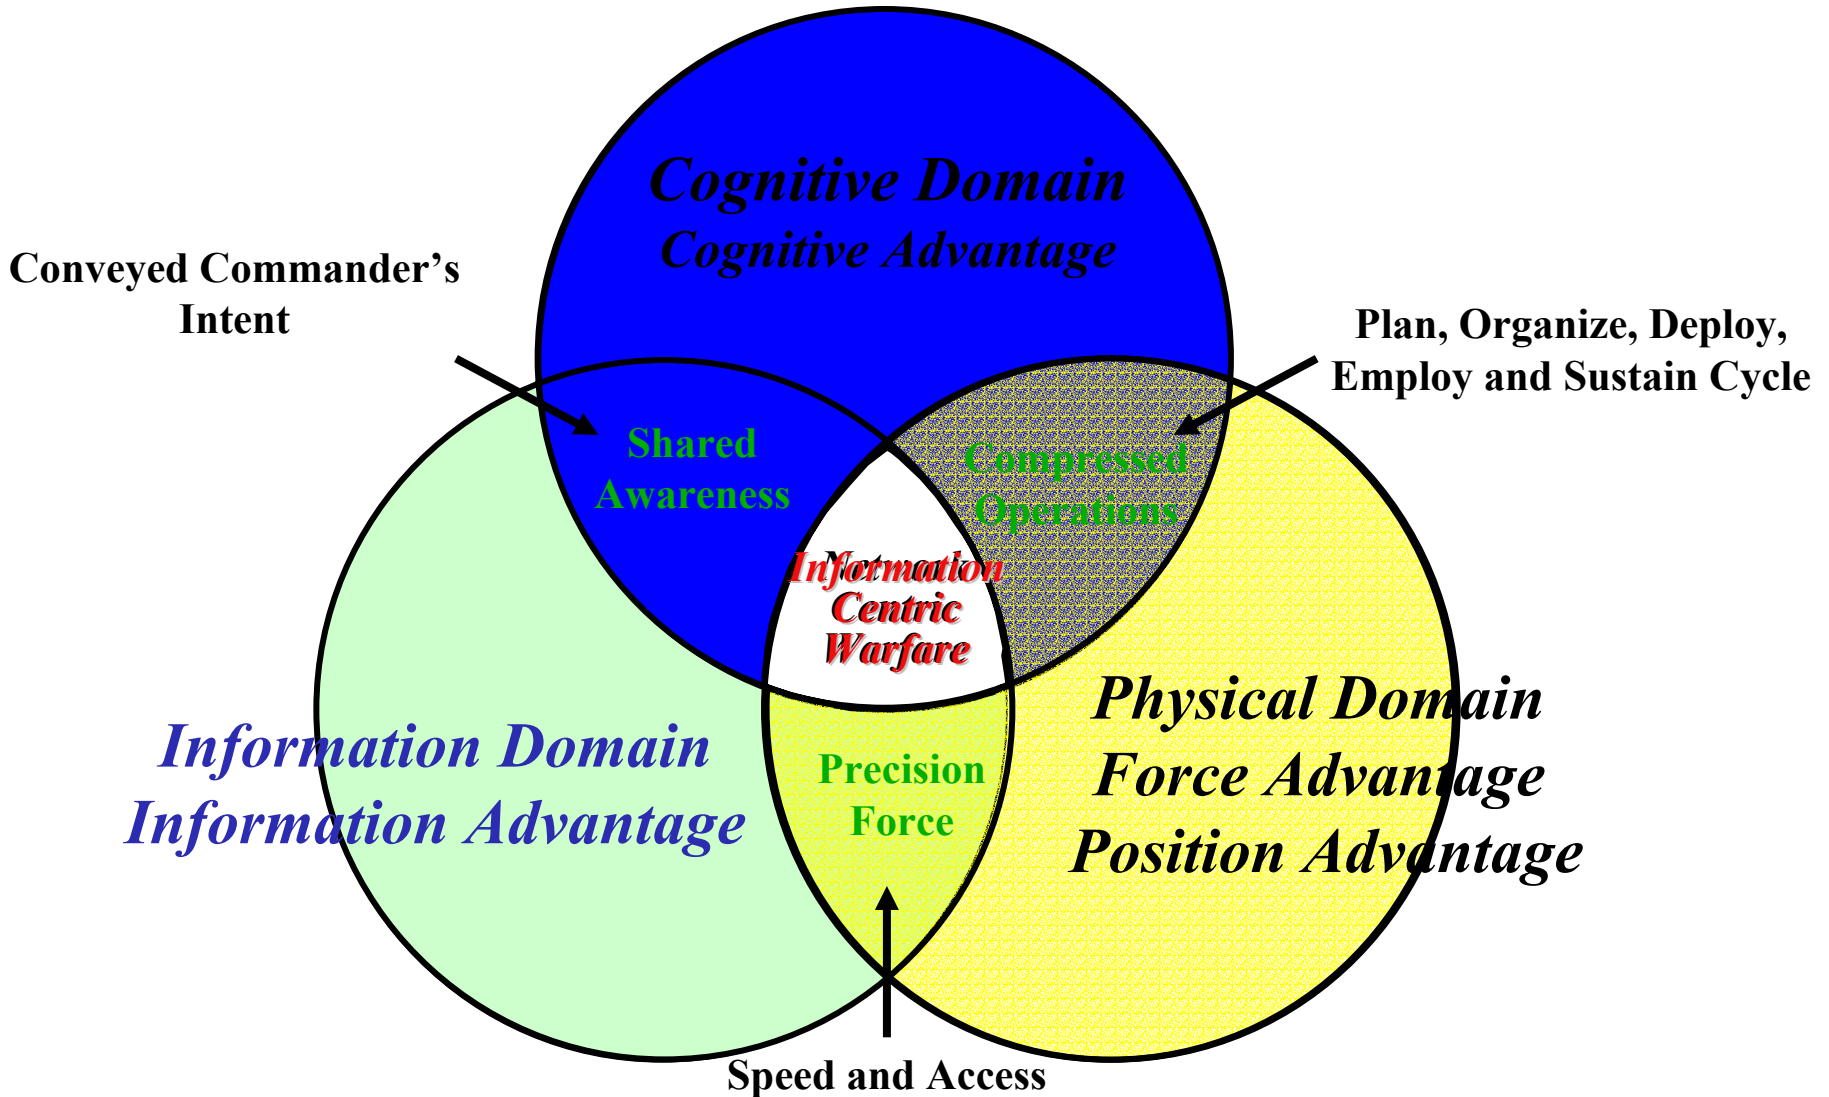

Physical Domain  
 Information Domain  
 Cognitive Domain  
 Social Domain

# Information-Age Warfare

... Domains of conflict

**Have We Already Transitioned to Information Centric Warfare?**

# Knowledge Centric Warfare

**BUILD the Net -- USE the Net**  
- Surfing the Net becomes Commonplace

**POPULATE the Net -- KNOW the Net**  
- Knowledge Centers of Gravity -

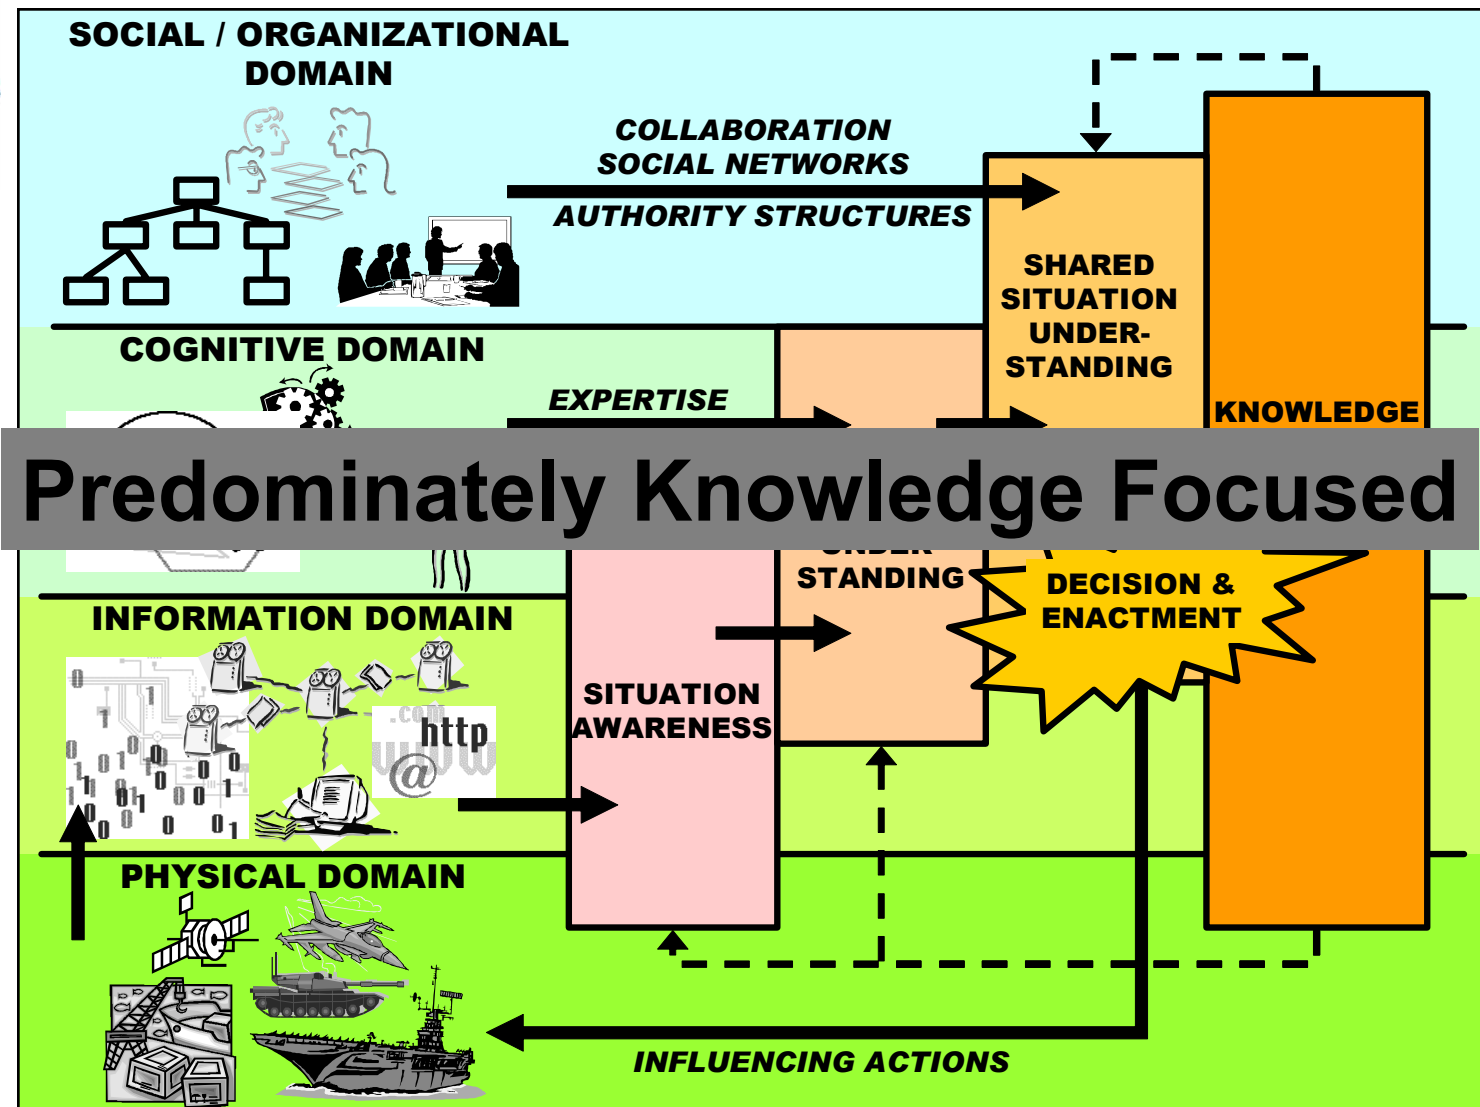

**PROTECT the Net -- Protect the KNOWLEDGE**  
- Next Generation Information Assurance -

**Power TO the Edge --- Power OF the Edge**  
- Single Entity Becomes Knowledgeable of All -
